The House of Transformation

BROUGHTON HALL EXCLUSIVE USE

Broughton Hall is a 16th century Historic House that you and your guests can hire exclusively as your own home for private house party stays, corporate hospitality, retreats and special events.

At first glance, it may appear like a classic Downton Abbey, but your whole perception will rapidly change as you discover a thriving example of how to take the best of the old and combine it with the inspiration of the new.

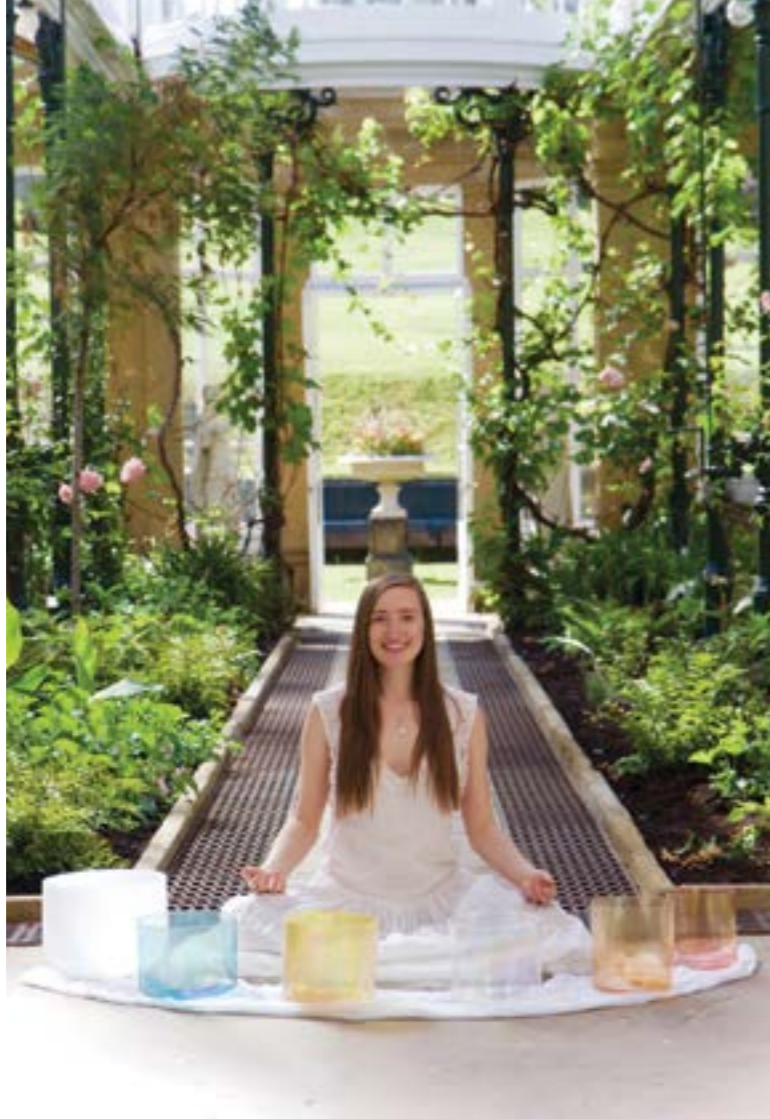

Richard Preston, landscape designer, with Dan Pearson OBE, who redesigned our Walled Garden at Utopia.

Reconnect

REWILD THE LAND, REWILD THE SPIRIT

Our 3000 acres offer an abundance of opportunities to invigorate your mind, body and spirit. Connect to yourself, to nature and to each other with meaningful activities and experiences.

Home to an innovative Nature Recovery Project, Broughton Sanctuary is dedicated to serving a union in which people and land are good medicine for each other. We believe that rewilding the land and kick-starting the recovery of natural processes, in conjunction with rewilding the spirit through learning to live in compassionate reciprocity with nature, we can heal both ourselves and our world.
